

## LUM ES 404 8/8

### Junction Box Cat.6A/7A FTP LSA+

This splice box connects cable ends for Cat 6 or 6A connections.

|                          |                                                                                                                                                                                                                                                               |
|--------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Environmental conditions | Temperature range -10°C to 60°C                                                                                                                                                                                                                               |
| Materials                | Metal SPCC, 0.5 mm thickness with Nickel plated.<br>IDC 2-1. Housing : PC, UL 94V-2 Terminal: Phosphor Bronze with Tin plating<br>Cable holder Phosphor Bronze 0.5 mm thickness with Nickel plated.<br>Internal housing ABS+PC, UL 94V-0<br>PCB FR4, UL 94V-0 |
| Mechanical data          | Suitable for 22-26 AWG stranded and solid wire, compatible with both 110 & Krone punch down tool.                                                                                                                                                             |
| Operation                | The Cat.6A transmission performance is in compliance with the ANSI/TIA/EIA 568 C.2 standard                                                                                                                                                                   |
| Connectable              | T568A & T568B wiring Printing on IDC                                                                                                                                                                                                                          |
